

Old Testament 101

13 week overview

January - March 2015

Purpose of the class - to familiarize our members with a basic general knowledge of the events and persons of the Old Testament. Many of these concepts are understood by our children in their classes, but we fail to spend the time with those who did not grow up in the church familiarizing them with these Bible basics.

In particular, we will look at the foreshadows, types and antitypes that are found in the Old Testament and refer to doctrines of the New Covenant.

Our authoritative principle in studying the Old Testament is that it is given to us to teach about the doctrine of Christ:

1 Corinthians 10:11 Now these things happened to them as an example, and they were written for our instruction, upon whom the ends of the ages have come.

Romans 15:4 For whatever was written in earlier times was written for our instruction, that through perseverance and the encouragement of the Scriptures we might have hope.
